G. R. S. III-2]

General and Revenue Secretariat. | 97 File No. 42 of 191).

Serial No.

1. The points for orders are :-

(1) approval of the allocation statement of the officials in the combined staff - Paras 2 & 3 of the P.W.D.

(2) proposal to grant a special salary Rs 70 to 11 men of the P.W. branch - rise in the grade 50-4-70 limited in the circumstances represented in para 4. - in excess of the S. Scale.

(3) giving a personal allowance to Mr. Narasimhalu Naidoo Para 5. pay 85 + 20 p.a. - proposed to be given as pay/100 only.

(4) proposal to keep an appointment in Rs 200 vacant for the Communical auditor, and to include the post of Communical auditor in the general list, the official doing the duty of the C. auditor with his pay according to his place in the list. (para 8)

(5) Committee recommendations regarding exemption to officials from passing the office Examinations to earn promotions. (Paras 9 & 10).

(6) proposal that the increase in pay & allocation proposed be given effect to from 26. 2. 18 the date of the Reorganisation

2. Taking these points in order

(1) allocation statement.

I have placed in the file for reference a copy of the G.O. Restricting the Amalgamation of the P.W. Secretariat branches of the account dept.

The Govt. of India have recognised that it is impossible without causing hardship to individuals to effect complete amalgamation of these 2 branches, immediately and have accordingly devised some ad interim arrangements.

NOTE—Contn. sheet.

ND 1233—GPB—60,000—1-12-16—S.

G. R. S. III-2]

General and Revenue Secretariat. | 57 File No. 52 of 191 7.

Serial No.

Immediate amalgamation is desirable but very careful consideration is necessary to avoid injustice.
M
16.7.18

It may not be desirable to adopt any such tentative arrangement here. And the final order sanctioning the revision does not allow of such action being taken. The immediate amalgamation is aimed.

3. The general principles adopted by the Committee in framing their proposals are contained in para 3 of their letter.

The second of these 2 principles is unquestionable in theory.

For purposes of amalgamation, provisional officials of both the branches who stand qualified for promotion to higher grades under the rules of the respective branches before revision should be accorded equal treatment in filling up the posts subsequently.

As regards the other principle of showing preference to the P.W. branch men in regard to temporary promotions, something can be said on either side.

It is fair that the P.W. branch men should not be in a worse position because of the amalgamation, and especially in view of the fact that several temporary officers in which some of them have been getting high pay for years have in the reorganisation been made permanent.

On the other hand on behalf of the civil branch men it might urged that the present revision is the outcome of many long pending proposals for revision and that due consideration should be shown to the officials drawing

NOTE—Contn. sheet.

of

ND 1233—GPB—60,000—1-12-16—S.

G. R. S. III-2]

General and Revenue Secretariat. | 87 File No. 52 of 1917.

Serial No.

of promotion in the civil branch, who have been without any sort of encouragement for years.

The committee desire to give preference to P. W. men in filling up acting and temporary vacancies might and have adversely affected the civil men.

Then again in paragraph fixing the temporary pay of men of the P. W. men not merely the salary they are drawing at present is taken into account, but also the increments they would have earned by efflux of time have also been allowed — Eg items 31 & 32.

A similar treatment has not been extended to the civil men — For instance the pay of officers in items 33 & 39 who are acting in 70-100 grade and who would have reached 100 if the vacancies continued is fixed at 90 only in and no temporary pay is proposed for them.

Further, the civil branch men may have cause for appreciation that they have not only acting or temporary promotions now but they may also be at a disadvantage in respect when permanent vacancies hereafter arising have to be filled up.

Apparently it is not the intention of the committee that the officials who have been allowed to draw temporary high pay shd have any preferential treatment in filling up future vacancies. And success in the departmental examinations now prescribed — common to all officials employed with mine, like in such cases as the relative claims of the officers for permanent promotion hereafter.

(1) I think the civil branch men should also be shown this concession. Men acting as S.P.T. in the grade of 70-100 for instance should be given acting appts on Rs 100 if possible. If the number of men acting X except in one or 2 such cases, viz: Item - No 81 - in 70-100 in civil & 75-100 in P.W. is large & all cannot be provided with acting appointments on 100, then the men who have the longest continuous acting service in the grade rising to 100 should be given preference.

MM 16/7

Yes & also for temporary promotions to the higher grades - For example for a temporary vacancy on 125 other things being equal a man on Rs 90 permanent should have preference over a man on Rs 70 permanent & 100 Ag.

MM

G. R. S. III-2]

General and Revenue Secretariat. | 9t File No. 52 of 1917.

Serial No.

Must be a permanent ruling. JM 16/7

In any case it is desirable to make the matter clear by a ruling — to be in force for a couple of years —

4. In the proposed allocation there have been several cases of supersessions i.e. men with shorter service given over men with longer service, as pointed out later on in this note. — This is one as stated by the Committee, to consider the claims of qualifications of the officials, character of service — and in this matter the Committee's opinion in the absence of evidence to the contrary has to be accepted.

yes, but the Committee must say what principles they are following & specify cases in which a man is put up or down on special grounds. JM 16/7

5. The scales sanctioned for this Imperial Secretariat by Govt is temporary, but in the allocation proposed by the Committee permanent and temporary appointments are all shown in one list, and the relative rank is fixed irrespective of the place where any official is working for the time being. For instance, Item No 26 Mr. A. Narasaiah is now working in the Medical Registration office, but is given precedence in the Imperial Secretariat scale.

No objn. to this provided the temporary appts are shown as temporary additions to the cadre & not permanent. JM 16/7

6. Coming now to detailed list —

I Subordinate Accounts Service. Items 1-19.

(i) There are 3 men in this list, Nos 11, 14 & 18, who are at present working elsewhere and if they are not relieved by the Committee's office, the vacancies will have to be temporarily filled up. No proposals are made by the Committee

Enquiries awaited JM 16/7

(ii) Item 2. Mr. N. Moorthy Rao. Sub. Pay 150. Salary 170. Pay proposed 250. To be superannuated in Dec 1918. Deserving case. May be approved.

(iii) Item 8. Mr. B. S. Iyengar. Pay 100. Salary 125. Proposed 175

NOTE—Contn. sheet.

General and Revenue Secretariat. | 87 File No. 12 of 191

Serial No.

Y. II. Accountants' Service Dhara 20 6 85.

(1) In filling up the accountants' places, I am afraid the Committee have not quite followed the directions of para 18 of the above, which have accepted the principles enunciated by Mr. Datta in the matter of recruitment of this service.

These principles are -

(a) A few appointments, at least 4, shd be reserved for graduates within the next few years.

two. Mr Datta's note para 83 M 1/7

(b) The others shd be supplied up of men acting in the grade 50-65 & considered really fit for that service. If there is any doubt about their fitness for that service, they shd be put in the clerical service. In the case of the others now whose salary is 45 or less shd be put into [redacted] the accountant service until he has passed the prescribed examination, which shd be held within 6 months.

What Mr Jelly has written is in accordance with Mr Datta's notes but I think the Committee's proposals may be sanctioned. The adoption of Mr Datta's suggestion would mean that 23 posts in the Accountant service shd be kept vacant which is not desirable especially because there are men fit for the posts. Merely because they are drawing 45 or less they should not be kept down. The smallness of pay was in many cases due to [redacted] want of graceful & elaboration. M 1/7

(c) In accordance with these principles subsequent appointments proposed from 63rd item onwards seem to require necessary.

Officials drawing salary in the grade 50-65 and corresponding or higher grades, if otherwise duly qualified should, wherever their substantive pay exceeds, be appointed to men on pay 45 & less, and these latter shd if at all be provided in the accountants' posts only on probation, subject to confirmation on passing the examination -

(2) It may also be pointed out in this Connection that

NOTE—Contn. sheet.

WD 1233—GPB—60,000—1-12-16—S.

G. R. S. III-2)

General and Revenue Secretariat. | 87 File No. 92 of 1917

Serial No.

The proposal of the Committee awards the meeting of personal allies & gives small increase of Rs 5/- to those men who are drawing Rs 65/- for a long time. Many be approved. M 1917

Nos 2 officials - items 53 & 54 - Messrs T. Ramasamy chetty and Venkatadri Iyengar - on Rs 65 have been suspended by many of their juniors in the list- apparently on disposal of their enquiries, and the logical course seems to be provide for them in the highest pay of the clerical service with a personal allowance of Rs 5. Vide para 8(4) of Mr. D's letter note -

(3) A few other noticeable features of supercessions in the accountants' list are detailed in the Statement (A) attached -

Vide remarks in the statement M 1917

8. III. clerical service. Items 86 to the end. In this list also there have been many supercessions as noted in the list 88 attached (B). But as regards this service in which officials and new entrants have to be started on rates of pay according to qualifications, demand and supply &c in regard to salary, &c, the proposals of the Committee may, on the whole be approved -

Vide remarks in the statement in some of the instances cited. M 1917

I hesitate to endorse this recommendation. M 1917

9. Point No. (2)

Vide general note M 1917

The next point for consideration is the grant of special salary of Rs 70 in excess of the scale to 11 heads of accounts offices who have not been provided for in the list under that class of assets - (Para 49 P.L.D).

If the Committee allocation be accepted as a whole there is fairness to other officials. This special concession is practically indefensible & is as special case has disappeared. These officials have all been shown

NOTE—Contn. sheet.

G. R. S. III-2)

General and Revenue Secretariat. | 87 File No. 92 of 191

Serial No.

in the clerical Service.

When a scale is being filled up with increase of pay to a very large number of hands such special treatment in excess of the scale to a large number should be avoided.
MS 1877

If however as provided for in this note supra - para 9 a different principle of filling up the cadre posts be adopted this point does not arise for consideration now.

Para - 5 — no objn.

10. Paras nos. (3) & (4) &c -

Para 6 - I do not agree. D No exemption should be applied in promotion from 50 to 55. The places must be filled up at once.

The proposals of the Committee in paras 5 to 8 of the letter may be agreed to -

Paras 7 & 8 - No objn -

11 - Para no. (5) Exemption of officials from passing Ex examinations - (Paras 9 & 10. P.W.D).

D

Old Civil hands permanently appointed to the S.A.S. should not be required to pass the S.A.S. Exn - their promotion should depend only on the quality of their work.

A copy of the syllabus of examinations, which I have obtained from the Comptr is placed in Cable.

The scheme of examinations may perhaps require some consideration -

But it is not for orders here -

permanent in the 4th grade should be exempted from passing the Accts Exn. Men exempted from passing the Accts Exn should not be superseded by passed men for promotion from one grade to another within the Accts class. Otherwise, as stated by the Accountant the exemption has practically no meaning.

The proposals of the Committee in paras 9 & 10 may be agreed to, tho it is not evident how the exemption will be of material advantage if passed men did be preferred to for those exempted -

With these exceptions I agree to paras 9 & 10.

I agree 11.10.
GMS 11.10.2
1877

12 - The recommendation of the Committee to give effect to the increase of pay to be drawn from 26.2.09 (D) may be approved -

Yr very)

18/
6.7.10.

D

The Exn rules should be separately considered & approved by Govt - No Exn on which promotion will depend should be held within twelve months from the date notifying the holding of the Exn.

MS 1877

NOTE—Contn. sheet.

WD 1233—GPB—60,000—1-12-16—S. 10)

G. R. S. III-2]

General and Revenue Secretariat. 9.7. File No. 92 of 1917.

Serial No.

General remarks.

A list in which numerous men have two widely different relative positions, one as regards permanent and the other as regards temporary or acting places, will lead to intolerable complications and difficulties in working. This will be the -- specially case when no rules are laid down as regards future promotion. For example, a man* is permanent in the grade of 70-is in fact the last in that grade-but is acting in the grade of 100 over the heads of most of the men in the grades of 90, 80 and 70. What is ~~the~~ real the relative position of this man No. 67 and No. 33 for instance who is permanent on Rs. 90, for confirmation and in the grade of 100 for higher acting appointments ? If No. 67 is given preference for this purpose, then his being placed below No. 33 as regards permanent place is only an empty consolation to --- No. 33 with no real meaning. If on the other hand No. 33 is preferred, 67 may regard it as a grievance and say "as I have been considered fit to go over 33 for long acting appointments, I must go over him permanently, otherwise what was the justification of ~~the~~ the first supersession ?"

*No. 67

2. I think it is absolutely necessary to prepare a list in which the relative position of each man will be definitely fixed and there will be no vagueness as to who is to be regarded as senior for future

NOTE—Contn. sheet.

Serial No.

future promotions, acting as well as permanent.

3. This list may be prepared on the following principles:-

(a) Seniority will be determined by pay as defined herein. Pay for this purpose should be -- taken to mean the average pay drawn by the official concerned from 1st ~~July~~ January 1915 to 31st December 1917. In the case of men who have drawn acting allowance or temporary pay during the period, pay proper as -- calculated above or 2/3rds of average salary for the three years will be taken whichever is greater.

(b) As regards men taken ~~xx~~ subsequent to January 1915 the average pay drawn during the period of service ~~in December 1917~~ will be the guide. In ~~combining temporary and permanent~~ these cases also ~~hands~~ average pay proper or ⅔rds of average salary whichever is greater. ~~2/3rds of the temporary pay should be taken for this purpose~~.

4. In the list prepared as above a man may be put down or put up for special reasons of a special character e.g. high educational qualifications, specially meritorious work &c.

5. If the pay admissible to any official -- according to the list prepared as per paras 3 and 4 above is less than ~~the~~ his salary in the grade he was -- holding, temporary or sub-pro-tem or officiating in a long term vacancy in February 1918, then a personal allowance equal to the difference between the pay admissible under the new ~~scheme~~ scale and such salary would be given to the official.

NOTE—Contn. sheet.

WD 1233—GPB—60,000—1-12-16—S. 12)

G. R. S. III-2]

General and Revenue Secretariat. | G.7. File No. 92 of 1917.

Serial No.

The personal allowance would be absorbable under the ordinary rules.

6. As long as there are personal allowances given in respect of any rate of pay, temporary, sub-pro-tem and officiating vacancies in the new grade next higher to that rate of pay and lower grades should not be filled up to the number of such personal allowances.

7. If approved the Comptroller will be asked to furnish a revised list according to the principles laid down above. The list prepared by the Committee and the new one will then be carefully studied and the question finally settled.

8. Questions relating to the amalgamation of two establishments are ~~generally~~ extremely difficult and complicated and as the prospects in life of a large number of men are involved too much care and time cannot be bestowed on such questions.

9. In calling for the fresh list the attention of the Comptr will also be drawn to the points marked D in my marginal remarks on Mr Tee Jee's note.

12.11.18

Strictly speaking the allotment of persons to appts carrying a pay of less than Rs 100/- need not be treated as a Council matter. But as the Sanction of some small personal allowance (though not involving extra cost) is involved and as it is not convenient to split up the scheme into two parts viz. allocation to posts on pay below Rs 100/- p.m. & that to higher posts, the whole case may be treated as Council matter. The case may kindly be ordered to be

Final Note by the First Member of Council.

Subject:—

Allocation of the establishment of the Comptroller's Office.

1. In G.O.No.Fl.4613-52/ G.F.92-17-3 dated the 26th February 1918 the revision of the Comptroller's office was sanctioned and a committee consisting of the Comptroller and Messrs.T.Satyaraj Chetty, L.Bhistopunth Badami and S.Shamanna was constituted to determine the relative position of the officials in the Civil and Public Works Branches in the combined staff and submit recommendations to Government.

2. The proposals submitted by the committee in May 1918 were returned with certain remarks and observations, the committee having been asked to resubmit their recommendation with a revised allocation list having due regard to these remarks.

3. The Committee have accordingly submitted revised proposals keeping in view the instructions issued by Government.

4. The draft order in the file approving of the proposals of the committee in the main has been circulated to the members of Council who have concurred with it.

The draft order may therefore be approved.

28th Nov 1918

G.F. 92-17-67

SECRETARIAT
FINANCIAL
1 JUN 1918

Bangalore,

Dated the 25th May 1918.

To

Rajamantrapravina Diwan Bahadur
J.S.Chakravarti, Esq., M.A., F.R.A.S., &c.,
Secretary to the Government of Mysore,
Financial Department.

Sir,

In Government Order No.4613-52 G.F.92-17-3 dated 26th February 1918 we were required to submit a report on the following matters:-

(1) the relative position of the Members of the Non-Gazetted Staff of the Comptroller's Office (para 2)

(2) the confirmation of the existing Civil Court and Commercial Auditors (para 14)

(3) the recruitment to the Subordinate Account service (para 17

& (4) the question of exempting men from the Accountants' Examination.

We were also required to submit a statement showing the long temporary service put in by the officials now confirmed which is to be allowed to count for pension (Para 19).

2. Regarding (1) we submit a statement showing the position, pay and salary proposed by us for the several officials of the Comptroller's Office including the State Huzur Treasury. For facilitating reference we have shown in this statement, the present pay and salary of each official and we enclose a copy of the latest Gradation List of the office corrected up to date which gives all necessary information about each official. In filling up the places we have assumed

that

Mr. S. Ramaswamy Iyengar
Mr. Rangachar

that two of the Superintendents now acting as Gazetted Officers will be confirmed as such.

3. In fixing the emoluments of the men in the New Scale, we have been guided by two principles:-

1. To allow the officials of the Public Works Branch who are generally in receipt of high temporary pay, a salary not less than what they are now getting, or which they would rise to in the ordinary course by efflux of time, in incremental appointments. With this object we have given preference to Public Works Officials in filling up acting and temporary vacancies.

2. To fix the substantive pay of the officials, taking into account, the length and character of their service, their present pay, salary and examinations passed and other qualifications.

4. The following are now among those in the grade - Rs.50-4-70 as Public Works Accountants:-

1. Mr. T. C. Krishnaswamy Moodr.
2. Mr. C. J. Anandathirthan
3. ,, K. T. Srinivasa Iyengar
4. ,, C. Ramaswami Iyengar
5. ,, N. Narasimhamurthi Rao
6. ,, B. Venkatadasappa
7. ,, A. Vasudeviah
8. ,, N. S. Narayanaswamy
9. ,, N. Krishna Rao
10. ,, M. S. Visvesvariah
11. ,, G. V. Srinivasa Iyengar.

We have not found it possible to give them places on Rs.70/- which in our opinion they should get in accordance with the first principle mentioned above. In place of the old progressive - pay posts on Rs.50-3-65 and Rs.50-4-70, the new scale allows only places on Rs.60/- and 70/-, the number of posts being about the same on these rates of pay; and consequently there are now more men holding these progressive-pay posts than there are appointments on Rs.70/- under the new scale. For the available appointments on Rs.70/-, preference had necessarily to be shown to officials with longer service and higher substantive pay than these 11 men. We therefore suggest that in justice to the latter, they may be allowed a salary of Rs.70- as a special case instead of Rs.60/- which alone would be available for them under the ordinary circumstance and this special consideration need be shown to them only till it becomes possible to find for them places on Rs.70/- in the usual course. These

These special cases would be absorbed as vacancies in the general scale occur. The temporary extra cost involved by the special arrangement proposed, will be covered by savings which usually occur in a large establishment like this; for instance even according to the arrangements proposed, there are savings due to some acting arrangements in the senior grades of the Subordinate Account Service not having been made. No other equitable solution appears possible under the circumstance.

5. Mr. Narasimhalu Naidu, Head Accountant, State Huzur Treasury is now in receipt of Rs.85 plus 20 P.A. We have been able to find for him a place on Rs.100/-. The difference of Rs.5/- may be given to him as personal allowance.

6. We have found it necessary to leave for the present a few places vacant on Rs.55/- and create a corresponding number of extra appointments on Rs.50/- as we have found it difficult to choose the men who should get 55 immediately. It is proposed to hold an examination shortly for Accountants, and the officials passing it will be given preference in filling up these places on Rs.55/-.

7. We have also considered it desirable to leave the last ten places on Rs.25/- vacant for the present, as candidates who have passed either the Accounts Higher or the Public Works Entrance are not immediately available for being appointed to them. As soon as the results of the recent Local Service Examinations are known, we expect that suitable candidates will be available for filling them up. A place on Rs.30/- is also left vacant as the most senior man on Rs.25/- has only now been proposed to be confirmed on that rate of pay.

8. Item (2). We have to state that Messrs. Natesa Iyer and K. Narayana Rao who were the Chief Court Auditor and Commercial Auditor respectively at the time the Government Order under reply was issued, are no longer holding those places; the former having been appointed as Examiner in this office on Rs.100-10-150 and the latter having resigned service. The present incumbent of the post of C i v i l C o u r t A u d i t o r is Mr. D, Lakshmaiya and he has been

recommended for one of the places of Superintendents of whom the Civil Court Auditor is one. As regards the Commercial Auditor, we understand that applications have been invited for the place and the appointment is to be filled up after considering the merits of the several applicants.

9. Item (3). The statement submitted shows the names of the persons whom we have selected for the S.A.S. Among these we consider that the following should pass the Examinations noted against their names before they can be promoted to higher grades:-

Messrs.Bhima Rao and Narana Iyengar should pass an examination in Public Works and Railway Construction Accounts.

Mr.Krishna Murti should pass an examination in Civil Accounts.

Messrs. Subba Rao and G.Madhava Rao should pass the S.A.S. Examination in full.

These recommendations are based on considerations of the age, the examinations already passed and the experience of work of the Department, of these officers.

Messrs.D.M.Lakshmaiya and Annaji Rao are recommended for permanent promotion to R.125 in consideration of their advanced age and long service.

Future promotions, acting and substantive to the S.A.S. will be restricted to persons who have passed the S.A.S.Examination.

10. We propose that the examination prescribed for Accountants should be passed by (1) the men now selected for Accountant's places before they can get any further promotion in the grade of Accountants, and

(2) the men in the clerical service, before they can be promoted to the grade of Accountants subject in the case of (1) to the following conditions:-

(a) Persons who are less than 40 years old on 1st July 1918 should be required to sit for examination. In the case of those more than 40 years old, passing the examination should not be obligatory. But for promotion to the higher grades of the Accountant's service, passed men should be preferred.

11. The statement showing the temporary service to be allowed to be counted for pension referred to in para 19 will be submitted after orders are received confirming the men now proposed for permanent appointments.

30

12. In conclusion we beg to suggest that the pay now proposed may be permitted to be drawn from the 26th February 1918 the date on which the revised scale was sanctioned by Government.

We have the honor to be,

Sir,

Your most obedient servants,

25.5.18

29.5.18.

Subject:- Re-organisation of the Comptroller's Office.

Fl. 807/9-7-92-17-7.
8, 6-8-18.

To

The Comptroller,
Mysore Government,
Bangalore.

Sir,

With reference to letter No.R.2002 dated 31st May 1918 from the Committee appointed in G.O.No.Fl.4613-52/G.F.92-17-3 dated 26th February 1918 submitting recommendations in the matter of giving effect to the recent reorganisation of your office, I am directed to state as follows :-

2. In fixing the relative position of the several officials of the Civil and Public Works ~~and Railway~~ Branches in the combined staff, the Committee has proposed for a number of men two widely -- different relative positions, one as regards permanent and the other as -- regards temporary of acting places, and such an arrangement will, in the opinion of Government, lead to complication and difficulties in working especially as no rules are proposed by the Committee in regulating future promotions, substantive or temporary.

3. It is considered necessary to have the relative position of each official in the combined staff definitely fixed on a careful consideration of all aspects so that there may be no difficulty as ..

who is to be regarded as senior for future promotions acting as well as permanent.

4. To enable Govt to finally decide -- this question, they desire that another ~~revised~~ list be prepared on the following principles :-

(i) Seniority will be determined by pay as defined herein. Pay for this purpose should be taken to mean the average pay drawn by the official concerned from 1st January 1915 to 31st December 1917. In the case of men who have drawn -- acting allowance or temporary pay -- during the period, pay proper as calculated above or 2/3rds of average -- salary for the three years will be -- taken whichever is greater.

(ii) As regards men taken subsequent to January 1915 the average pay drawn -- during the period of service up to Dec. 1917 will be the guide. In these cases also average pay proper or 2/3rds of average salary should be taken which-ever is greater.

(iii) In the list prepared as above a man may be put down or put up for specified reasons of a special character e.g. high educational qualifications, specially meritorious work, etc.

(iv) If the pay admissible to any -- official according to the list prepared as per sub (i) (ii) (iii) above is less than his salary in the grade he was holding, temporary or sub-protem, or officiating in a long term vacancy in February 1[illegible]

then a personal allowance equal to the difference between the pay admissible under the new scale and such salary would be given to the official.

(v) The personal allowance would be liable to absorbable under the ordinary rules.

(vi) As long as there are personal allowances given in respect of any rate of pay, temporary, sub-pro-tem and officiating vacancies in the new grades next higher to that rate of pay and lower grades should not be filled up, upto the number of such persons in receipt of personal allowances.

(vii) No appointments should be proposed in violation of the clerkship rules of March 1917

5. As regards the details of the allocation of officials and also proposals for exemption to officials from passing the prescribed examinations, I am to request that the recommendations be revised in the light of the following remarks:—

(i) Subordinate Account Service-item 12.A. in the statement, Mr. T.Rajagopala Iyengar-proposed to be given 125 against a vacancy on 150, may be shown in the grade of Rs. 125/- as an extra hand against the temporary appointment on Rs.150/- shown vacant.

(ii) Government do not agree to the Committee's proposal to leave vacant for the present 6 clerks' places on Rs.55/- ~~vacant~~, to create a corresponding No.of appointments on 50/-, and hold an examination for promoting men from 50 to 55. The appointments on 55 may be filled up, ~~etc~~ grades

~~(iii) Reasons for supersessions in th~~

lists of accountants and clerks, as in ~~some of~~ the instances pointed out in the accompanying statement, may be ~~kindly~~ given for the information of Government.

(ii) As regards exemption to officials from passing the prescribed examinations old office hands permanently appointed to the Subordinate Account Service should not be required to pass the Subordinate Account Service Examination. Their promotions should depend only on the quality of their work. Men permanent in the Accountant's ~~Grade~~ class who maybe exempted from passing the Accountant examination should not be ~~suggested~~ superseded by passed men for promotion from one grade to another within the Accountant's class if their work as Accountant is satisfactory.

6. The rules prescribing the examinations for the different services should be ~~separately~~ submitted for the approval of Government. No examination on which ~~promotion will depend~~ the permanent position of men in the reorganized grades will depend should be held within 12 months from the date notifying the holding of the examination.

7. ~~The Committee's revised recommendation with~~ The fresh list now called for may be kindly submitted within one month for the final orders of Government.

3 enclosures

To

Rajamantrapravina Diwan Bahadur
J.S.Chakravarti Esq., M.A., F.R.A.S., &c.,
Financial Secretary to the Government
of His Highness the Maharaja of Mysore.

Sir,

With reference to your letter No.Fl.807/GF.92-17-7 dated 6th August 1918 in the matter of the allocation of the officials of the Comptroller's Office in the revised scale sanctioned in G.O. No.4613-52/G.F.92-17-3 dated 26th February '18, we have the honour to state as follows:-

2. Paras 2 & 3. In the list we originally submitted, it was not intended to fix for any one, two separate places, one for substantive and the other for acting &c promotions. The position given in the list by us, was intended to be the position for all purposes including both substantive and acting promotions. The preferential acting promotions proposed by us in some cases, correspond to the personal allowances suggested by Government and was actuated by the same motive, viz., assuring to the ~~Public Works~~ Officials now getting high temporary salary, the emoluments they are now receiving. This proposal did not mean that for this reason alone, they should supersede the men above them, either for substantive or for acting promotion.

3. Paras 4(1) to (iii). We submit a list showing the men, arranged in the order of their average pay calculated

in accordance with the directions contained in clauses i and ii. In many cases this list disturbs inter se the recognised position of the men of the same branch, Public Works or Civil. This disturbance is due to many reasons, the chief among which is that the direction contained in clause (ii) does not take into account the length of service and the result is that a junior and later entrant into service (or a higher grade) sometimes gets a higher average than his senior in service and pay. We may refer to the cases of the following as instances:

Nos.	21 & 16 (in the new statement)	L.V.Srinivasa Iyengar & Annaji Rao
"	24 & 25	K.Narayan Rao & TiruvenkataChar
"	31 & 32	Ethirajulu Naidu & Sitaramiah
"	47 & 48	K.V.Krishna Sastri & A.R.Rama Rao
"	81 & 90	M.K.Sampath Iyengar & Somanatha Rao

4. We consider that the existing position of the members of the two branches as per gradation lists has to be regarded as the most important factor in determining their places in the new allocation list. The disturbed positions found in the list of average pay cannot all be corrected by applying the principle contained in clause (iii) viz., to put an individual up or down for specified reasons of a special character, such as high educational qualifications or of some specially meritorious work. We therefore submit that as in the statement already submitted by us the position in the existing gradation list has to be taken as the starting point. But we consider that the list of average pay may be taken into account as a deciding factor in determining the relative positions between a Civil man and a Public Works man or between a person having only a temporary appointment and one having a permanent appointment when the position of such individuals cannot be decided by other considerations. We have made use of the list of average pay for this purpose and reconsidered the list which we originally submitted and which was prepared according to the following principles:--

(1)

(2)

(1) The relative position in the existing gradation list of the Civil and Public Works Branches followed.

(2)a. A person with higher substantive pay and longer service treated as senior to one with lower substantive pay and less service, their qualifications and efficiency being the same.

(3)

(2)b. Preference shown to Public Works men in acting, sub-pro-tem and temporary places to assure them their present emoluments.

(4)

(3) Undeserving men i.e., men whose work is not up to mark or whose qualifications are low, put down in a few cases-

(4) Efficient men and men with higher qualifications, shown preference in some cases.

(5) (5) Graduates given a minimum pay of R$.60.

(6) No one promoted as Accountant on R$.60 who was not qualified and fit for Accountant's work.

(7) Qualified Accountants of Civil Branch

with (1) 20 years service given a minimum of R$.70
and with (2) 10 years service a minimum of R$.50.

(8) In the case of the men of the State Huzur Treasury (other than the Treasurer and the Head Accountant) who have all put in long service and are in receipt of very low pay, R$.10 more than their permanent pay given. Even with this addition they all occupy low places of clerks on R$.45 and below.

(9) Old Assistant Accountants and Cashiers of the Public Works Branch allowed higher places than short service qualified Divisional Accountants in the grades 55,50 & 45 to enable the former to get a higher pension.

(10) In the case of men with short service i.e., less than 5 years, persons who have passed departmental examinations arranged first in order of service and then the others in order of service.

(11) Two qualified and efficient short-hand typists with intermediate Short-hand qualifications given R$.40 as we

cannot keep them on less pay.

(12) R.35 given to men of the following classes.

1. Public Works men with fairly long service about 10 years or more who have not qualified for Accountants' places.
2. State Huzur Treasury men, now getting R.25
3. Civil Branch men with permanent R.20, who have passed the Accounts Examination.
4. F. A's with some service.

(13) R.30 given to (a) men with substantive places on R.20 or R.25 who have not passed the Accounts Examination or the Divisional test.

(b) About half a dozen of the temporary Cashiers who were reported to be doing good work and whom it was considered desirable to continue in the Accounts Department.

(14) R.25 given to men holding temporary appointments in this office in the last grades who had passed the Public Works Entrance test or had some qualifications in addition to mere S.S.L.C.

5. We accordingly submit a revised statement as required by Government showing (1) the pay and salary of each official in February '18, (2) the position and pay which he would get if all places were filled in order, in accordance with the list of 'average pay', (3) the position and pay proposed by us under the new scale and (4) the principles applied in fixing the places in each case. As required by clause (IV) of para 4, we have proposed personal allowances in all cases in which the substantive pay proposed for an individual happens to be less than the salary he was drawing in February 1918 in a long-term vacancy. In the case of officials who are holding temporary &c., appointments in incremental grades, we have considered it fair to allow in all cases two increments, and in the cases noted in the margin where the stage of pay in February 1918 was reached nine months before that date, 3 increments, in addition to their emoluments in February 1918, and proposed personal allowances accordingly. As a vacancy, acting, sub-pro-tem

(b)

No. 82 P. Narasimha Char, B.A.
80 G. Sankariah
83 Nanganna
145 M.S. Narayanaswami
146 M. Krishna Rao
147 Visvesvaraiah

or temporary will be left unfilled against each personal allowance, this arrangement causes no extra expenditure to Government. That there are a sufficient number of acting, sub-pro-tem and temporary vacancies, to cover all personal allowances, will be evident from the fact that, in our original list, we found it possible to give acting allowances ~~under the ordinary allowances~~ under the ordinary rules in all cases in which personal allowances are now proposed.

6. We consider the limitation imposed by clause (vi) to mean that for every personal allowance granted, an acting, temporary or sub-pro-tem vacancy should be left unfilled, only between the substantive grade of the person concerned and the grade corresponding to the total emoluments which he is allowed (including personal allowance), but that there is no objection to fill up the vacancy from the lowest grade up to and inclusive of the substantive grade of the official concerned. Otherwise, it would operate as a great hardship to the persons in the lower grades who would lose acting &c promotions, because some one higher up gets a personal allowance, and it would also preclude the appointment of an additional official to the office, even in cases where additional temporary appointments are sanctioned by Government. This point may be made clear for the guidance of audit.

(7)

7. As regards the direction that no appointments should be made in violation of the Clerkship Rules, we beg to state that these rules cannot conveniently be applied in the case of this office, as its staff consists of, not clerks but Accountants and Auditors. None but Matriculates or S.S.L.C.'s are entertained in this office and there are special rules for the entertainment and promotions of officials therein. Even under the Clerkship rules, we find that

(8)

(1) the confirmation in substantive places of men without substantive appointment is in order, as they are all men holding acting appointments in this

Office

1916

Office prior to November 1916 (Note 3 to Clerkship Rules Government Order dated 5th March 1917).

(2) The promotions given to some non-Matriculates who have put in long service in this office, is the only item not in conformity with the Clerkship Rules. Such promotions according to their deserts in the case of men with several years of service who have, in many cases, passed departmental examinations and are doing their work satisfactorily, cannot be denied. The promotions of even such men is permitted by the note to Rule 2 of the Clerkship Examinations. Further there is only one official in the whole of this office who has passed the Clerkship examination, and to restrict appointments and promotions to persons who have passed these examinations, would leave a large number of places vacant, to the great detriment of work in the office.

Vide para 4 of the letter

8. The directions contained in para 5 (i) and (ii) viz., to show Mr.Rajagopaliengar under Superintendent on Rs. 125 and to fill up all the places on Rs. 55. have been attended to.

9. Para 5 (iii). We did not require all old Superintendents to pass the S.A.S. Examination, but suggested in para 9. of our former report that, only the following need pass the examination:—Messrs Bhima Rao and Narana Iyengar to pass an examination in Public Works and Railway Construction Accounts Mr. Krishna Murti to pass an examination in Civil Accounts, Messrs Subba Rao and G.Madhava Rao to pass the S.A.S.Examination in full. We suggested this in the best interests of the office, to induce them to study the Codes &c., and to promote efficiency. Even now, we consider that the individuals would be better Superintendents and the office would be benefited, by our suggestion being followed.

10. As regards grade to grade promotions to Accountants who cannot, on the ground of their advanced age, be compelled to pass the Accountant's Examination, we beg to point out that under the old scale, such persons had to stop with R°.65 in the Civil Branch and with R°.45 in the P.W.Branch, and to assure promotion to every one of them to R°.100 in the new scale, will be unfair to the efficient men on smaller pay on whom the brunt of the work of the office falls, will discourage them and will make the work of this office less efficient. It was not our intention that the existing old men, unable to pass the examination, should be passed over in all cases for future promotion. But we considered that sufficient consideration was shown to them for their long service by giving them the maximum and in many cases more than the maximum pay which they would have got under the old scale, and that it would be only fair to the younger and more efficient men and to the offices that these latter should also have an opportunity to get into the higher places which they deserve to get by their good work even now. That our proposal is not as unfair as it may appear if considered as an abstract proposition, will be evident from a glance at the names of some of the men proposed for Accountants' places on R°.70. Further, we considered that every one, whatever his age, would be a better Accountant by studying the Codes and sitting for an examination, particularly when no examination has been held so far in Civil Account Code Vol.II and the Office Manual to test the knowledge of an Accountant in audit rules and procedure and when an Accountant who has hitherto ignorant of the P.W.accounts has in the combined list to be regarded as qualified in P.W.Accounts also and vice versa. The difference between R°.60 and R°.100 is appreciable, and we do not consider that every one to whom R°.70 or R°.80 is given in view of his long service, can be regarded as entitled to go up to R°.100 in the order of seniority, blocking the way of good and efficient men who may be actually doing more important work on less pay. We would therefore urge that the rule proposed by us may be

(10)

approved.

11. A copy of the rules published in June '18, regarding the several examinations, is enclosed. On receipt of the Government Order under reply, the holding of the examinations was postponed until further orders. It is very inconvenient to postpone the holding of the examinations for 12 months, as it will not be possible to fill up the vacancies which occur in the meantime, as indeed some have already occurred. This inconvenience is especially felt in the case of Divisional Accountants, as none but persons who have passed the Divisional Test (which is now merged in the Accounts' Examination) can be posted as Divisional Accountants and there are some vacancies among them now for which we have no qualified men to send. As a considerable period has now elapsed since the date of notifying the subjects of the Examination, we request that our scheme of examinations may be approved and the first examinations for Clerks, Accountants and the Subordinate Account Service allowed to be held in the months of February, March and April 1919 respectively. On this point we solicit immediate orders of Government, in advance of orders on the other points, so that the men may be notified without delay regarding the examinations.

12. We may state that the position of the men in our original list, was made known to all concerned, objections were invited, the few objections that were received were considered by us and the list altered suitably in cases where in our opinion, the objections justified such alterations; the list might therefore be regarded as having been considered generally satisfactory by the men.

13. The new list now submitted has been prepared in accordance with the observations of Government. The matter was discussed in person with the Financial Secretary by one of us (Mr. Shamanna) and the revised list and this report have been

Prepared

prepared on the lines agreed to by him.

As already recommended by us we request that the new allocation may kindly be sanctioned from 26.2.18.

We have the honour to be,

Sir,

Your most obedient servants,

M. Venkatramana Rao

T. Lakshmipathy

T. Satyanarayana Chetty

S. Shamanna.

26.10.1918.

115

Revised allocation statement of
the Comptroller's office in the scale
Sanctioned in G.O. No FC 4613-52-Gft 92-17-3
dated 26. 2. 1918.

G.R.S. III—3]

Routine Notes.

[To be used only for notes, requisitions, etc., not intended for permanent record.]

Subs/ a reminder for approval
as the Comptroller has not
submitted the proposals
~~requested~~ called for in the para
3 of the letter flagged

Proceedings of the Government
of His Highness the Maharaja
of Mysore.

Read

1) Government Order No.Fl.4613-52 G.F.92-17-3 dated the 26th February 1918, sanctioning the revision of the Comptroller's office, and constituting a Committee consisting of the Comptroller and Messrs. T.Satyaraja Chetty, L.Bishtopanth Badami, and S. Shamanna to determine the relative position of the officials in the Civil and P.W. Branches in the main continued staff and submit recommendations to Government.

2) Letter No. 6424/R.2008 dated 31st May 1918 from the Committee submitting the report in the matter, and proposing to allow the officials of the P.W.Branch in receipt of high temporary pay a salary not less than what they are now getting or to which they would rise by efflux of time in incremental appointments, which give them a start higher than in the allocation based on substantive pay.

3) Letter No. Fl.807/G.F.92-17-7 dated the 6th August 1918 to the Comptroller pointing out that the fixing for a number of men two widely different relative positions, one as regards permanent, and the other as regards temporary or ag. places would lead to complication and difficulties in working, that the relative position of each

of each official in the combined staff should be definitely fixed on a careful consideration of all aspects of the case by ~~fixing~~ giving suitable personal allowances in cases where the pay fixed for an official in the new allocation is less than the salary which he is now drawing and desiring the resubmission of a revised allocation list in the lightof the remarks and observations made by Government.

4) Letter No.375 dated the 26th October 1918 submitting the revised report of the Committee in accordance with the directions of Government giveng in paper (3) and requesting very early orders thereon.

Order :- No. Gl 2731 G.O. 92-17-11

Dated, Bangalore, 10 Dec 18

1. The Committee's revised proposals for fixing the relative position of officials in the combined staff, and for the grant of personal allowances to officials to prevent ~~reduction in present emoluments~~ hardship due to revision as recommended in para 5 of the letter of 26th October 1918 are suitable, and Government are pleased to approve of them.

The allocation as sanctioned ~~and as~~ is set forth in the statement annexed to this order

2. The new arrangement will have effec from 26th ~~July~~ February 1918, as recommended by the Committee.

3. As long as there are personal allowances given in respect of any rate of pay in the allocation herein sanctioned, no sub-protem, temporary or ag. vacancy should in future be filled up between the substantive grade of the person concerned and the grade corresponding to the total emoluments which he is allowed (including personal allowances, but Government see no objection to the Committee's proposal to permit the filling up of the vacancy from the lowest grade up to and inclusive of the substantive grade of the official concerned as explained in para 6 of the letter of 26th October 1918.

4. Government do not consider it necessary to exempt the Comptroller's office from the operation of the clerkship rules (vide G.O. No.172.E.A.D. dated 5th March 1917), as recommended by the Committee. Such of the appointments and promotions in the committee's revised allocation statement as may not be in accordance with these rules are, however, approved as a special case.

No appointments or promotion should in future be made except in conformity with the said rules.

5. As regards the proposals of the Committee in the matter of recruitment to the several services and the grant of exemption from passing the prescribed examinations, Government do not consider it necessary that old

office hands now permanently appointed to the Subordinate Account Service should be required to pass the examination prescribed for that ~~office.~~ Service. Future promotions acting or substantive to this service will be restricted to ~~xxxxxxxx~~persons passing the Subordinate Account Service examination. Government accept the Committee's recommendation that the examination prescribed for accountants should be passed by the men now selected for accountants' places to make them eligible for promotion in the grade of accountants, but exemption may be granted in favor of permanent accountants of over ~~45~~ 40 years of age from passing the examination ~~and they~~ when who are granted exemption should not be superseded by passed men for grade to grade promotion if their work as Accountants is satisfactory.

In future no official will be permanently appointed to the grade of Accountant, unless he has passed the examination prescribed for that service.

6. As regards the Scheme of Examination prescribed ~~for~~ for the several services of the Comptroller's office submitted by the Committee, the rules regarding the Subordinate Account Service and the accounts services ~~and~~ are generally suitable and are approved subject to a few modifications as indicated in the Annexure.

E

7. As regards the examination

1/48

prescribed for the clerical service, the Committee's attention is drawn to the order of Government of 26th February 1918 accepting the proposal of Mr. Datta in regard to the recuitment of Clerical Service as contained in para 85 of his note on the reorganisation scheme. No departmental examination need be prescribed for the present permanent members of this service. The Comptroller is requested to submit suitable proposals in regard to recruiting to this clerical service in future by a competitive examination or otherwise. No new entrant to the clerical service, other than Gazetted, will be confirmed unless he has passed the accounts test (higher) as laid down by the Govt.

Bishtopanth Badami, and S. Shamanna to determine the relative position of the officials in the Civil and Public Works Branches in the combined staff and submit recommendations to Government.

2. Letter No. 6424--R. 2008, dated 31st May 1918, from the Committee submitting its report in the matter and proposing to allow the officials of the Public Works Branch in receipt of high temporary pay a salary in *sub pro tem*, temporary and acting vacancies not less than what they are now getting or to which they would rise by efflux of time in incremental appointments, while giving them a low place in the allocation based on substantive pay.

3. Letter No. Fl. 807—G. F. 92-17-7, dated the 6th August 1918, to the Comptroller pointing out that the fixing for a number of men two widely different relative positions, one as regards permanent, and the other as regards temporary or acting places would lead to complication and difficulties in working, that the relative position of each official in the combined staff should be definitely fixed on a careful consideration of all aspects of the case by giving suitable personal allowances in cases where the pay fixed for an official in the new allocation is less than the salary which he is now drawing and desiring the resubmission of a revised allocation list in the light of the remarks and observations made by Government.

4. Letter No. 375, dated the 26th October 1918, submitting the revised report of the Committee in accordance with the directions of Government given in paper (3) and requesting very early orders thereon.

Order No. Fl. 2731—G. F. 92-17-11, dated 10th December 1918.

The Committee's revised proposals for fixing the relative position of officials in the combined staff, and for the grant of personal allowances to officials to prevent hardship due to revision as recommended in para 5 of the letter of 26th October 1918 are suitable, and Government are pleased to approve of them. The allocation as sanctioned is set forth in the statement annexed to this order.

2. The new arrangement will have effect from 26th February 1918, as recommended by the Committee.

3. As long as there are personal allowances given in respect of any rate of pay in the allocation herein sanctioned, no *sub pro tem*, temporary or acting vacancy should in future be filled up between the substantive grade of the person concerned and the grade corresponding to the total emoluments which he is allowed including personal allowances, but Government see no objection to the Committee's proposal to permit the filling up of the vacancy from the lowest grade up to and inclusive of the substantive grade of the official concerned as explained in para 6 of the letter of 26th October 1918.

4. Government do not consider it necessary to exempt the Comptroller's office from the operation of the clerkship rules (*vide* Government Order No. 172—E. A. D., dated 5th March 1917, as recommended by the Committee. Such of the appointments and promotions in the Committee's revised allocation statement as may not be in accordance with these rules are, however, approved as special cases.

No appointments or promotion should, in future, be made except in conformity with the said rules.

5. As regards the proposals of the Committee in the matter of recruitment to the several services and the grant of exemption from passing the prescribed examina-

tions, Government do not consider it necessary that old office hands now permanently appointed to the subordinate Account service should be required to pass the examination prescribed for that service. Future promotion acting or substantive to this service will be restricted to persons passing the subordinate Accounts service examination. Government accept the Committee's recommendation that the examination prescribed for Accountants should be passed by the men now selected for Accountants' places to make them eligible for promotion in the grade of Accountants, but exemption may be granted in favour of permanent Accountants of over forty years of age from passing the examination. Men who are granted exemption should not be superseded by passed men for grade to grade promotion if their work as Accountants is satisfactory.

In future no official will be permanently appointed to the grade of Accountants unless he has passed the examinations prescribed for that service.

6. As regards the scheme of examination prescribed for the several services of the Comptroller's office submitted by the Committee, the rules regarding the Subordinate Account Service and the accountant services are generally suitable and are approved subject to a few modifications as indicated in the Annexure.

7. As regards the examination prescribed for the clerical service, the Committee's attention is drawn to the order of Government of 26th February 1918, accepting the proposal of Mr. Datta in regard to the recruitment of clerical service as contained in para 85 of his note on the reorganisation scheme. No departmental examination need be prescribed for the permanent members of this service. The Comptroller is requested to submit suitable proposals in regard to recruiting the clerical service in future by a competitive examination or otherwise. No new entrant to the clerical service, other than typists will be confirmed unless he has passed the accounts test (higher) as prescribed by the rules.

J. S. CHAKRAVARTI,
Financial Secretary to Government.

To—The Comptroller, Mysore Government.

Exd.— C. R.

Statement showing the allocation of the establishment of the Comptroller's office as sanctioned in Government Proceedings No. Fl. 2731—G. F. 92-17-11, dated 10th December 1918.

No. Fl. 2731—G. F. 92-17-11, dated 10th December 1918.

Annexure to Govetnment Order No. Fl. 2731—G. F. 92-17-11, dated 10th December 1918.

The following rules regarding examinations of the members of the Subordinate Account and Accountant services are published for information and guidance :—

I Examination for the Subordinate Account Service.

The subjects of the examination for the Subordinate Account Service are the following :—

Paper 1. Precis writing and drafting.

2. *In two parts.*—Civil Account Code, Vol. I, and memorandam regarding new Treasury Accounts Procedure, Part I, and Part II, Civil Account Code, Vol. II and introduction to India Government Audit and Introduction to India Government Accounts.

3. Mysore Service Regulations.

4. Public Works and Railway Constrution Codes and Memorandum regarding new Public Works Procedure.

5. Government and Commercial Book-keeping.

2. Forty per cent of the marks in each subject and 50 per cent of the total marks should be obtained for passing the examination.

3. Probationers for the Subordinate Account Service and accountants who are in receipt of a permanent pay of Rs. 60 or more and who, if they are graduates, have put in not less then three years' service or if non-graduates, not less than seven years' service will be permitted to appear for the examination.

4. Only three chances will be allowed to a candidate for passing the examination.

5. The First Examination for the Subordinate Accounts Service will be held in the 2nd week of April 1919 and thereafter once a year about October.

II Examination for Accountants.

The subjects of the examination for the Accountants' Service are the following :—

Paper 1. Precis-writing and drafting.

2. In two parts—Civil Account Code, Volume I, and Memorandum regarding new Treasury Procedure, Part I, and Mysore Service Regulations Part II.

Excludig Chapters not relating to Mysore.

3. Civil Account Code, Volume II, Comptroller's office Manual.

4. Public Works Code, Volume I, and Memorandum regarding new Public Works Procedure and Volume II.

5. Commercial Book-keeping.

7. Thirty-three per cent of the marks in each subject and 45 per cent of the total marks should be obtained for passing the examination.

8. Those who have passed the Public Works Divisional Test need not sit for Part II of subject No. 2 and subjects Nos. 1 and 4. Those who have passed Civil Accounts Higher need not sit for subject No. 2.

9. All those who are now in the Accountants' grade should appear for the examination and pass it for qualifying for promotion to higher grades of the Accountants' Service. In the case of those who are more than 40 years old on 1st July 1918, exemption may be granted from passing the examination.

10. Those now in the Clerical Service who are in receipt of a pay of Rs. 40 or more or who have rendered not less than five years' service will also be permitted to appear for the Accountants' Examination.

11. Only three chances will be allowed to a candidate for passing the examination. Those who do not sit for all the subjects under para 6 *supra* will, however, have only two chances.

12. The first examination for the Accountants' service will be held in the last week of March 1919, and thereafter once a year about October.
